

Canapes

30 – 120 people

A canape party is the ultimate luxury! It is a great option for big celebrations and large parties.
Requires use of the entire venue.

Making canapes is both creative and time consuming, but ultimately incredibly rewarding. We can either do very light bites to be enjoyed with a drink, or a more complete selection which would ultimately be as satisfying as a full meal.

Canapes can take any shape or form – the imagination is your only limitation.
Here is a list of some that we have done in the past:

Mini burgers
Mini hot dogs
Mini fish and chips
Mini pizzas
Crispy samosas (or any delicious filling in crispy pastry!)
